News From Your TOWN HALL

With Mayor Baker on a vacation four members of the Commission held a routine meeting Wednesday night, okaying bills, granting licenses, etc.

A petition of the Rotary Club, asking that the Town be zoned was received and favorable action was indicated during the discussion by the Commission.

Incidentally, this Town needs badly 50 family units for sale and rent; a hundred units could well be sold or rented, we believe. There is an extreme housing shortage here now, and numerous persons are considering building homes just as soon as building is allowed on any reasonable basis.

However, just ask yourself, and ask someone who can tell you "Where would I build with a feeling that I would not be surrounded soon with filling stations, garages, and business houses?" Your answer if it arrived with full information will surprise you.

No Commissioner is assured that his present home will not be damaged in value as a result of a fertilizer factory, filling station, or a dump of some kind within a few short years.

Look about you and see just where you stand with your own property. To properly zone this Town now is a far sighted and almost necessary undertaking and the Commission is to be complimented on their stand.

Work is going right ahead with the water works plans and it is expected that before long contracts will be let for the line to the Lake.

The Town has made arrangements with a West Palm Beach firm of attorneys to act as legal counsel for the water works project. It is also specified that an opinion be furnished the Town by some nationally known bond attorney so that the solvability of the bonds will be assured.

Mechanics Wanted At Camp Blanding

The warring fronts in the Pacific and in Europe have caused the enlisted mechanics at Blanding to be sent to the front.

The C. O. is calling for civilian employees to be hired as senior mechanics, or those who know what to do and will do it with a half for 40 hours which is a little different from the treatment accorded the enlisted personnel who work for \$50 per month, and with a lot of overtime and no extra pay.

Adolphus Webster Killed At Cocoa In Road Accident

Adolphus, Coxswain, U. S. Navy, son of Mr. and Mrs. Curtis O. Webster, was fatally injured six miles south of Cocoa at 2 a. m. Sunday, October 29th, while returning from a visit to his parents in Miami.

Having made port at Savannah, Adolphus and his wife went to a brother-in-law, had gone to Miami to visit his family. While returning a tire along the road on the return trip, a truck full of negroes on their way to Belle Glade smashed into them resulting in Webster's death from shock and injuries and the brother-in-law is in the hospital in serious condition.

The funeral was held in Miami Thursday afternoon, the 3rd and was attended by a number of Glades folks who were long time friends of the pioneer family. Curtis, the father, was formerly Assistant Fire Chief in Belle Glade, is a member of the Legion and is a Carpenter. Mate, his class, U. S. Coast Guard, stationed at Miami.

Besides the wife and parents, Adolphus leaves sisters, Joyce, Florida and Audrey and brothers Lawrence and Cecil.

Adolphus was a student of the high school until his family moved to Miami in '41. He joined the Navy in 1942.

Too Many Too Often And Injuries Keep Rams Subdued

Ability, Stamina and Guts Keep Lutz Playing Full Game

A lone stumbling and badly battered fullback staved off several touchdowns against the Rams in the last quarter of the Lake Worth game Friday night on Lutz Field. His name is Lutz and he spelled the difference between a footrace and a football game for a majority of the last half.

Lake Worth, with two full teams, a light fast well trained offensive team, and a line of beef for defense, played hup, skip and jump with the local boys after the first inning.

Despite the fall and heavy Lutz and Cherry were not successfully stopped in the first half when they chose to go through the line. Cherry got a bump on his leg which developed into a painful, though not permanent injury.

The fresh fleet and deceptive running and passing backs of the visitors by-passed the local boys like Patton did the Germans in France. A lack of substitutes—practically a total lack—did not allow Coach Cook to rest any of his boys anytime, while the visitors would let one back make two or three stabs and then rest him.

Team for team; at the start, would have found the score not more than seven points apart, but the edge was with the more experienced and trained Lake Worth boys.

With Cherry totting the ball and Lutz alternating blocking for him and ramming himself, there still would have been a difference story. Quarterbacking on the sidelines would have had a continuance of the line bucking to two certain scores for the locals, but the sideline quarterbacking was not.

Ten White Boys Leave For Camp

Ten whites left Belle Glade this morning for Camp Blanding. Five are going for preinduction training on their feet and way ticket for induction.

The call from the Local Board was for 17, but delinquents and transfers whittled that down to only five.

Preinduction candidates are as follows: Billy Jack Carroll, John Henry Ellison, Claude Vest, Kenneth Lord Warren, Fred E. Jones, Jr., Dewey Elmer Hiss, Induction: Sampson Baker, Clyde Vernon Chaney, John Benjamin Mills, Burgess Tom Investor, John Henry Strayer, Claude Vest volunteered for induction, though only called for preinduction examination.

Big Name Pros Play Here Sunday With Local Amateurs

Tommy Armour, designer and player par-excellent in the game of golf, and Steve Ponda, record holder in the hole-in-one category, will head a list of famous, near famous and would-be famous pros playing golf with local amateurs in the first Cole-Bratley Pro Amateur Tournament to be held at Armistice Day time each year.

Willie Mae Farland of Miami Shores, Jimmy Garland, three-time winner of the Iowa State Amateur, Earl Christensen, Miami's golf playing policeman who is current amateur champion of the famous Tamoshanter Club, Coastguardman "Little Oly" Oly, and his father Pop, Walter Work, who has a record of six consecutive birdies on the local course, Dick Wilson and Steve Ponda, as well as others, are expected to be on hand at one o'clock Sunday for the tournament.

Severely Pro from up-state and the West Coast are expected to be on hand at one o'clock Sunday for the tournament.

24% Decrease In Funds For Station Since Year 1930

Official Reports Show In-difference To Record of Major Discoveries

A mat of red hair drooping over a freckled face adorned with a dripping nose, dirty feet and ragged pants and no shirt with Maw and Paw absent couldn't bring worst treatment to its owner at a garden party of sons of the "snooty" in Palm Beach, than that accorded the Everglades Experiment Station in the conference rooms of Gainesville and Tallahassee when the Big Wigs came to making up the budget for submission to the Legislature.

Nobody would throw the red-head out, but might put him on the back steps and give him a container and spoon with what is cream there was left. The Everglades Experiment Station is an accepted and patronized necessity to the farmers of the Glades, with top ranking scientists, inadequate housing, improperly improved land, and practically no labor but with an enviable record of major accomplishments necessary to the actual continuance of vegetable farming and expansion of diversified crop probabilities.

All this because of the absence of Parents who would urge emphatically and convincingly proper appropriations.

Ruth Wedgworth Is Member Statewide School Committee

Mrs. Ruth Wedgworth has received an appointment from the current Governor, Spessard Holland, the governor-elect, Millard Caldwell, and state school superintendent, Colin English, along with two other women, to a State-wide committee of fifteen where it is to study present and post-war problems of the school system and make recommendations for improvement and correction.

Mrs. Beckham of Miami, State President of PTA and Dr. Hanna of Winter Park are the two other women appointed to the Committee. There are two members from the House and two Senators on the Committee and all appointees were selected for their educational background, interest personally in the educational problems of the state, ability and inclination to diagnose community and state-wide questions.

Colin English, a week end visitor to the Glades, stated that this Committee is the result of a deep feeling that our post-war educational problems will demand study and action. The feeling of the present and future generations and I think citizens such as we have appointed who are close to the problems will give our school systems business ability and down-to-earth national recognition.

Service Men who FIGHT and WRITE

CP, LELAND KEENE

Corporal Keene has been in the Army for four years, going into Camp Blanding with the 124th Infantry National Guard. After 14 months training at Camp Blanding the regiment was moved to Ft. Benning where he was transferred and spent two and one half years in Infantry school. His next transfer was in April, 1944, when he was sent to Camp Livingston, La., where he trained with the 86th Division for four months. In August he was transferred back to Ft. Benning for training with the Parachute Infantry and is now waiting orders for overseas duty.

Three brothers are also in active service and the fourth has enlisted in the Seabees. Carl Keene has had three and one half years of service, to Ft. Benning in India and now serving in China.

Bob Keene, class of 1942 at the Palatka High School, is now in the hospital at Camp Barkley, Texas, recuperating from a broken collar bone received while practicing Judo. He has been in service since shortly after graduating from high school.

Palm Beach County Was Given The "A" Award For Agricultural Production—Only County In State

This was made possible through discoveries and methods designed at the Everglades Experiment Station. Without the minor elements needed, which was discovered at the Station, fertilizer and cultural practices, varieties and methods the Glades major contribution to the results would not only have been impossible, but farming in the Glades would have been at a low ebb.

Salaries, labor and total expenditures for Main Station and branch Stations compared for 1930 and for 1943 (As shown in published annual reports of the Florida Experiment Station for those years.)

Year	Salaries	Labor	Amount	Percent change	Total budget	Percent change
Everglades Experiment Station, Belle Glade	1943	30,061	13,134	min 12.00	\$68,100	51,899 minus 23.80
North Fla. Expt. Sta. (Including Mobile Units, Quincy)	1932	10,896	3,433		\$20,995	
	1943	20,436	10,655	plus 211.24	49,766	plus 137.03
Citrus Station	1930	5,557	2,822		\$15,950	
Lake Alfred	1943	33,464	14,764	plus 423.17	73,232	plus 359.13
Sub-tropical Station	1930	1,050	1,041		\$15,000	
Homestead	1943	14,348	1,685	plus 61.86	20,228	plus 34.48
Main Station	1930	\$109,999	\$26,764		\$267,245	
Gainesville	1943	113,328	53,821	plus 101.09	250,307	minus 6.34
Federal 1930					\$30,000	
Federal 1943					124,782	minus 140.2

Earliest budget recorded for North Florida Experiment Station in the Annual Reports of the Florida Experiment Station.

Movement To Date Off 56% from Similar Period Of 1943-44 Season

Rotary Club Endorses County And Town Zoning In Resolutions

By resolution of the entire membership, favorable action was taken by the local Rotary Club on the proposal of a county zoning commission with authority through local committees to regulate construction outside the corporate limits of the towns of Palm Beach County.

Immediately following the passage of the county zoning resolution and after discussion of the entire town for the protection of property owners, and the employment of adequate technical aid in the formulation of the zoning code.

Pfc. Chas. E. Dean "Killed In Action" Over Italy Oct. 7

PFC Charles E. Dean, son of Mr. and Mrs. T. L. Dean, is reported "killed in action over Italy" on October 7th in a telegram from Ulio, The Adjutant General to his wife, Mrs. Frances Dean.

G. I. Dean is a registrant of the Local Board, was 27 years old, and previous to his entrance into the Army was employed by the American Fruit Growers and P. C. Keene.

Mr. Dean has three brothers in the armed services; one an 18-year old, James M.; only entered the army in June of this year, and who is stationed at Camp Hood, Texas.

Another brother, Staff Sergeant Carl Dean is stationed at Buckingham Guntery School at Ft. Myers. Mrs. Frances Dean, the wife, only a few days ago received a letter from her husband dated October 5th, and had received a snapshot taken after he had been awarded the Combat Infantryman Badge for actual and proven efficient battle duty.

After his training at Camp Howz, Texas, he went overseas last December with the 88th Infantry Division. No information (Continued on page 6)

Water Conservation Topic At Orlando By Soil Science Society

Mr. G. W. Volk, President of the Florida Soil Science Society is announcing a meeting of his Society at Orlando on December 7th and 8th with the main discussion to be on South Florida's vital question of water conservation.

Nathan Mayo and Governor-elect Millard Caldwell will be on the program, as will Dr. Herman Gunter, State Geologist, with a generous sprinkling of scientists from the State Col. A. B. Jones, District Engineer, U. S. Army, G. L. Parker, S. C. Geological Survey of Washington, Dr. Wm. Albrecht, Mr. Malcolm Pymie, Dr. Okar Baudisch and Dr. C. E. Kellogg, all nationally known scientists in soil, nutrition, domestic water supply and other allied subjects are to be on the program.

Nationally recognized scientists will be making a number of questionable professional standing, and Florida cattlemen, farmers and administrators, such in Millard Caldwell indicate the consideration being given (Continued on page 6)

Vegetable Committee Recommends Greater Research Facilities

Greater facilities for research into the utilization of surplus and by-products of the Florida vegetable industry will be the objective of a legislative program approved by the directors of the Florida Vegetable Committee in Clewiston last week.

Experimentation and research now is carried on in a limited way at the University of Florida at Gainesville and at state experiment stations at Belle Glade, Homestead, Bradenton, Sanford, Hastings, Leesburg, and other points, but FVC, looking forward to postwar problems, points to the need for legislative support of a program that will adequately provide for the progress of one of Florida's (Continued on page 4)

Field Labor Taking Full Advantage of Conditions; Rates Bid Up

With 445 cars to date moved from the Glades, there is only 56 per cent drop over the same period last year. As the season goes forward the effect of the season will be much more and the percentage will be much less when compared to last year. The movement up to the same dates last year was a bit above 1,000 cars and that was an all time record of movement to that date.

Prices have not generally reached the ceiling of \$4.50 because the quality has not been in evidence. Most beans have been under the top quality and have brought from \$3.00 to \$3.75 and \$4.00. Those that have gone to the canneries have brought \$1.50 approximately dumped which is equivalent to \$2.00 humped.

The most effective labor union is that of the Glades bean picker. He is not apparently organized, nor does he act as a union, nor has he any dues or any leaders to tell him what to do. Here's an example of what takes place to the detriment of the farmer.

Hundreds of them gather in the early morning to listen to the urging of some "shotgun" who lingers vocally on the size and quality of the "fus pickin" where the prospective pickers can get "15 to 20 cents more" with the going price of offered. Along comes some small farmer who has only ten acres of beans, but they all have. He tries to get 75 to 100 pickers and ends up with five or six. He becomes desperate with the idea that he can't get his pickers and that he'll be left with \$14.00 today. Tomorrow they will be fit for the canneries and will bring two trucks. He sees two thousand dollars slipping through his fingers to get one-time pickers, his neighbor goes him a nickel better and they finally settle on 15 to 20 cents more than the going price. Then everyone else has to combat that price. The nigger sits and grins and the white man pays through the nose. As soon as the whites are thru bidding against each other, the picker gets on the tail of his choice and grins at "these white men."

People are funny, aren't they? Here's the movement:

	North	South	End	End
Beans	73	92	144	194
Cabbage	0	0	1	1
Peas	73	92	144	194
Trucks	10	16	8	24
Cutry Beans	15	45	18	73
	25	61	26	97

Another brother, Staff Sergeant Carl Dean is stationed at Buckingham Guntery School at Ft. Myers. Mrs. Frances Dean, the wife, only a few days ago received a letter from her husband dated October 5th, and had received a snapshot taken after he had been awarded the Combat Infantryman Badge for actual and proven efficient battle duty.

After his training at Camp Howz, Texas, he went overseas last December with the 88th Infantry Division. No information (Continued on page 6)

According to Uncle Joe, the farmer and the city feller are pretty much alike. They're just ignorant on different subjects—Country Gentleman.

A Timely Investigation

A timely and thorough investigation into the problems and needs of the aviation industry has been conducted by a subcommittee of the Committee in Interstate and Foreign Commerce. In gathering information, the members of the subcommittee traveled nearly 12,000 airline miles through the United States and Alaska. Its findings and recommendations constitute a foundation upon which to formulate sound regulatory measures, and such legislation as the maximum development of American civil aviation may require.

The committee's report says: "The ability to travel at great speeds, through the atmosphere, often in the stratosphere or even in the mesosphere, far above the impediments of the earth's surface will bring far-reaching changes in our conception of geography, in our economics, in our development of commerce, and in our relationships, both domestic and international."

"So far as your committee has been able to discover, the United States is the only great nation where progress in aeronautics has resulted not so much from the stimulus of war planning, but rather from the advantages of peacetime civil competition. Our country's policy of competitive development in military and civil aeronautics was correct. The accomplishments of America's aeronautical industry merit the nation's admiration and its continued support."

The report expressed high praise for the performance of the airlines of the United States, and strongly urged the immediate expansion of meteorological aids, airports and control towers. It also recommended adoption of unified regulation of contract carriers by air, as well as the simplification of the rules governing private flying.

Thanks to the work of the Committee reliable knowledge about American aviation is accumulating where it can do the most good—in responsible legislative quarters.

More Freedom, Less Fear

Members of the retail distribution industry bear the brunt of making wartime price and ration controls work. Their experienced conviction that such controls should be abandoned as rapidly as possible after the war, is founded on the knowledge of the havoc those controls work on our competitive system of free enterprise. Many others have given voice to a similar conviction, among them Dr. Howard H. Dow, President of the Dow Chemical Co., who declared: "We have taken regulations as a necessary part of the war, in much the same fashion as a young man, when inducted, puts away his civilian clothing and gets into uniform."

"There may be a shock in suddenly dropping the war controls, but not until every control is removed can we have the free, open and competitive market in which the customer rules. The longer we delay stepping forward into freedom, the greater will be the eventual shock. There is no easy way to get out of what we are now in. Let us meet this question squarely and as Americans and not try to pussyfoot around it."

One school of regulators fears deflation; another fears inflation. What we need is less emphasis on fear and more emphasis on freedom.

Progress, American Style

Hospital facilities are as much a part of the medical system as the doctors themselves. Thus, while the doctors are developing various devices to groaden and improve medical service, the way is being prepared for more and better hospitals.

The men who run America's 6,000 hospitals have ambitious ideas about the things they want to put into new buildings or fit into existing ones: when peace returns. These include modern, artistic furniture; bright colored wallpaper; "radiant heating," complete air conditioning, and communicating systems that permit a patient to talk to the floor nurse from his bed, in much the same way as inter-office communications work.

Along with air conditioning, hospitals will adopt equipment for controlling dust, and ultra-violet lamps that help kill air-borne bacteria and germs. The hospitals have already planned expenditures totaling over a billion dollars.

A Breath Of Spring

Spokesmen in country after country have indicated that their nations will turn toward total government control of productive resources after the war. There is only one thing left to break the trend, if it is to be broken—the opinion of the people themselves. In many countries this is a forlorn hope. But not so in the United States. Here, our will to be free is rooted strongly in the farmers of the country. They are articulately opposed to any form of government dictation, even when swaddled in subsidies. It is refreshing as a breath of spring to talk to an

THE POCKETBOOK OF KNOWLEDGE

engaged in knocking the nips for a nip-up in the South Pacific. First picture up on this program is "Make Your Own Bed." This is really a Sunday-Morning feature, but due to heavy bookings on the end-of-week days it is forced into this spot. It has an all star cast and the show is a honey with roars of laughter throughout all of its playing time.

John Carradine and Larry Parks with a strong supporting cast lends excellent support in "The Black Parachute" for the second picture on the bill. It's a swifly moving story of the underground that will keep you wholly interested during its entire run.

Saturday brings Russell Hayden and Bob Wills with an imposing cast of Hollywood's ace cowboys and girls offering "Silver City Raiders" which is reported to be a heavily actioned Western piece I'm sure you'll enjoy.

See you at the movies—Mal.

CINEMATIC CHATTER

By Malcolm Miller

Every show offered during the week at the Everglades looks like real entertainment. Starting the ball, running Sunday-Monday comes "It Happened Tomorrow," which stars Dick Powell, Linda Darnell and Jack Oakie. Story is about a young man (Powell) who gets hold of a newspaper printed for tomorrow and dated for today. Of course it turns everything topsy-turvy and the young man gets into some lovely jams before the surprise finish of the picture.

The Tuesday-Wednesday offering brings a double feature plus an interesting "This Is America," subject.

First picture up is "Gambler's Choice" which stars Chester Morris and Nancy Kelly. This one features Morris as a big-shot gambler and Russell Hayden as an honest minion of the law. The pair clash and there ensues an appreciable amount of action and thrills to delight the attending customers.

The second picture is "Hot Rhythm" which stars Donna Drake and Robert Lowery. The story is a compilation of mishaps which are brought about when a couple of young "jingle song writers" mix a young lady up by accidently selling some of her recordings and getting themselves in a jam. All ends well, however, after the audience have laughed themselves into a good humor.

Thursday-Friday also looks with a double feature offering

and on the same bill United Artists presents an interesting short subject titled "Fortress Japan" which will prove very timely now that our boys are busily

THE OLD JUDGE SAYS...

"That's really a great editorial you just read to us, Judge. Where did you say it appeared?"
 "In 'The Stars and Stripes'...the newspaper of the U. S. Armed Forces in Europe. Kind of gives us folks back home something to think about, doesn't it, Bill?"
 "It certainly does, Judge. Particularly the last paragraph. Would you mind reading that again?"
 "Glad to, Bill. It says, 'We can remember

the days of prohibition, when moonshine whiskey made quick fortunes for bootleggers, crooked politicians and dishonest police officials. As a result, we claim we know what we want in the way of liquor legislation and feel these or home should wait until we return before instituting further legislation on liquor control."
 "Out of fairness to our boys over there fighting, Judge, how could we disobey such a wish?"

Social Happenings

Mrs. Lonnie J. Warren and daughters, Velma and Elizabeth, has returned from Charleston, S. C., where they visited Staff Sergeant and Mrs. Floyd W. Reynolds. Mrs. Reynolds accompanied them back to visit her mother, Mrs. Della Altman, before going to Bartow where Sergeant Reynolds will join her in a few weeks. He expects to receive a medical discharge from the service and they plan to make their home there.

Mrs. Henry Stoltenberg of Hallandale visited friends here this week.

Mrs. Carl T. Cone has returned after spending several weeks with her husband in Baltimore, Md., and friends in New York. She was accompanied home by

Mrs. Textie Laper who is visiting her mother, Mrs. George Weaver of Babokoe.

Mrs. D. B. Mathis has gone to Ruyton, Alabama, to see her brother, Lieutenant Owens of the Army Air Corps who is home on furlough from California.

Mr. and Mrs. J. I. Freedlund had as their week end guests, Mr. and Mrs. Maurice Hart of Coral Gables. Their son Lieutenant William B. Hart, pilot of a bomber has very recently left his port of embarkation for overseas service.

Stewart Boots, young son of Mr. and Mrs. Verne Boots, is spending a week in Miami with his uncle and aunt, Mr. and Mrs. Bill Stewart.

Ted and Betty Lou Powell spent last week end in Hialeah Sound visiting Mr. and Mrs. Clyde McGee.

Mr. and Mrs. George Royal and Mrs. George Taylor spent several days in Tampa this week on a business trip.

Mrs. Emil Stein and Mrs. Francis Harris spent last Monday in Miami.

Mrs. F. D. Stevens and son, Frederick, have returned from Houma, Louisiana, after spending a week with Mrs. Stevens' parents, Mr. and Mrs. C. P. Daspit.

Mrs. George Boydston spent several days in Miami last week visiting her sister, Mrs. Charles Joins.

JOINT MEETING OF LEGION AND AUXILIARY
The American Legion and Auxiliary will hold a joint meeting and dinner at the Community Club House tonight at 8 o'clock. A short business session will be conducted following the dinner and all members are urged to attend.

MRS. DOOLEY HONORS

Mrs. Frank Dooley entertained at her home Wednesday evening with a card party in honor of Mrs. Ray R. Taylor.

Mrs. O. G. McWhorter and Mrs. James Ball were awarded second prizes and Mrs. Taylor was presented a guest prize. A desert course was served at the conclusion of the game. Other guests were Mrs. Francis Harris,

Mrs. H. R. Hitchcock, Mrs. Benny Weeks, Mrs. E. E. Vandingham, Mrs. Sam Fleming, Mrs. J. I. Freedlund, Mrs. Shelley Connell, Mrs. Harrison Raul, Mrs. W. W. Weeks, Mrs. Robert Tillery, Mrs. George Bender and Mrs. Richard Townsend.

WOMAN'S CLUB MEETING ANNOUNCED

The Woman's Club are announcing that their next business meeting will be held Wednesday evening at 8 o'clock at the Club House. Rev. Jay O. Jameson will be the guest speaker and a musical program will follow.

CAROLYN FREEDLUND CELEBRATES BIRTHDAY

Carolyn Freedlund celebrated her birthday Tuesday evening with a hamburger fry at the home of her parents, Mr. and Mrs. J. I. Freedlund. Games, contests and dancing were enjoyed by the group. Those attending were Louise Friedheim, Carolyn Hamilton, Barbara Will, Beverly Hughes, Louise Emery, Ruth McGee, Jean Hooker, Billy Bearden, Ward Harrison, Bobby Matthews, Cloyd and Johnne Fessenden, Basil Todd, Herbert Lloyd and Ray Kent.

BENDER-ALSPAUGH

Mr. and Mrs. Guy J. Bender are announcing the engagement of their daughter, Loretta Ann, and Lieutenant Melvin James Alspaugh, son of Mrs. Helen Alspaugh and the late M. L. Alspaugh, Sr.

Miss Bender is a graduate of Pahokee High School and is now employed by the Everglades Fire Control.

Leutenant Alspaugh is also a graduate of Pahokee High School and is now attending Palm Beach Junior College prior to enlisting in the Army Air Corps in 1942. He is a pilot of a B-24 Bomber, recently returned from overseas service.

No date has been set for the wedding.

BETHANY CLASS HAS POT LUCK DINNER

The Bethany Class of the Community Methodist, Sunday School held a pot luck dinner and meeting at the home of Mrs. Ralph Freeman Monday evening. A brief business session was held.

SOUTHERN BELL TELEPHONE & TELEGRAPH COMPANY

presided over by Mrs. Freeman as president. It was announced that a book for the church Bible was presented by the class last Sunday during services, and that a check had recently been forwarded to the Methodist Orphanage.

Members attending were Mrs. Hugh Bradley, Mrs. C. E. May, Mrs. L. E. Hamilton, Mrs. Mabel Stallard, Mrs. J. O. Jameson, Mrs. Ruth Wedgworth, Miss Cora Rhodes, Miss Margaret Jones, Mrs. B. W. Kidd, Mrs. M. L. Sabiston, Mrs. Diggs, and Mrs. Henry Stoltenberg.

LADIES DAY POSTPONED
Ladies Day at the Country Club of the Everglades scheduled for today has been postponed until next Friday. This was decided on because of the dance and golf tournament to be held over the week end.

PTA MEETING ANNOUNCED
The Parents Teachers Association will hold a social meeting at the High School Auditorium Monday night at 8:30 o'clock.

All parents are urged to attend and the fathers are especially invited to be present at this meeting.

Mrs. F. D. Stevens, president, is announcing that the school cafeteria has been approved for Federal aid.

T. E. L. CLASS HAS MEETING
The regular social and business meeting of the T. E. L. (dadies) Sunday School Class of the First Baptist church met at the home of Mrs. Sam Fleming Monday night.

Mrs. F. D. Stevens, president, is announcing that the school cafeteria has been approved for Federal aid.

During the business meeting, that followed, presided over by Mrs. H. E. Jones, Mrs. Fleming reported that flowers had been sent to Mrs. Walter Schlechter at the hospital. Mrs. Rashley reported on purchasing the study book and Mrs. Darden reported that a gift had been purchased and mailed to Mrs. Milliken, who is ill.

It was agreed to meet at the

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY

Question—When were marginal references first put into the Bible?
Answer—In 1611, by those who translated the Bible under order of King James I.

Q—Did Martin Luther translate all the Bible, or just part of it?
A—No, of it—the New Testament in 1522, and the Old Testament in 1532. Ten editions were printed before his death.

Q—What is the best way to learn the truth about Christ's life?
A—Read the gospels over and over. Read all the Bible, including the Old Testament, for Jesus said: "Search the scriptures; for in them ye think ye have eternal life; and they are they which testify of me." John 5:39.

Q—How could Abraham and the other old patriarchs believe God if they did not have the gospel back then?
A—"And the scriptures, foretelling that God would justify the heathen through faith, preached before the gospel unto Abraham." Galatians 3:8.

Q—What good does it do to read the Bible?
A—Read 2 Timothy 3:15: "Thou hast known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus."

Q—What language did Christ and the apostles speak together?
A—"The common language of Palestine at that time, which is called Aramaic and is much like the ancient Hebrew. For example, there are few words of it found in Mark 5:41."

Q—Please tell me where I can find the last prayer recorded in the Bible.
A—"It is in Revelation 22:20: 'He which testifieth these things saith, Surely I come quickly. Amen. Even so, come, Lord Jesus.'"

Q—Why do Christians oppose drunkenness?
A—"No doubt for the same reasons that non-Christians oppose it. Drunkenness has been looked upon as a curse by right-thinking men of all nations and all ages. The Bible says: 'Who hath weal? who hath sorrow? who hath contention? who hath babbling? who hath wounds without cause? who hath redness of eyes? They that tarry long at the wine; they that go to get drunk with mixed wine. Look not thou upon the wine when it is red, when it giveth his colour in the cup, when it moveth itself aright. At the last it biteth like a serpent, and stingeth like an adder.' Proverbs 23:29-34."

Q—How can we get the Bible?
A—"Address your questions to the BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles 3, Calif. Bible questions of general interest will be answered in this column at space permits."

home of Mrs. George Williams the first Monday night in December, the 4th, for a Christmas party at which time there will be an exchange of gifts. Mrs. Fleming and Mrs. Browne will assist Mrs. Williams. Mrs. Richards and Mrs. Rashley will have charge of the program. It was also agreed that a basket of fruit would be sent Mrs. Anjima, who is ill at her home.

After the meeting a social hour was enjoyed when Mrs. N. Hayslip and Mrs. G. C. Howell were presented with surprise baskets of gifts. Delicious refreshments were served by Mrs. Fleming, assisted by Mrs. Otis Hayes and Mrs. J. W. Rashley.

Others attending were: Mrs. Barney Collier Mrs. G. D. Kirkland, Sr., Mrs. C. T. Pennington, 8 o'clock at the school house.

Mrs. Luther Jones, Mrs. J. W. Mosley, Jr., Mrs. E. C. Brown, Mrs. N. R. Whitlock, Mrs. Allen Greer and Mrs. V. L. Jones.

BLESSED EVENT
Mr. and Mrs. Vernie Boots are announcing the birth of a son, Gordon Craig, born at the Good Samaritan hospital in West Palm Beach on November 4th.

SOUTH BAY PTA ANNOUNCE MEETING
The South Bay Parent Teachers Association will hold their next meeting Monday night at 8 o'clock at the school house.

ANTHONY'S
Open a charge account at

ANTHONY'S
A charge account at Anthony's will save you valuable time these busy days. It is an asset you can use for references anywhere in the country.

There are times when you find you need certain personal articles but lack time or gas coupons to shop at Anthony's personally.

Your Anthony charge account would be a great convenience and would simplify your shopping.... especially during the Christmas Shopping Season.

Why not fill in the blank below and mail it to Anthony's. We'll notify you by letter when your account is ready. Then you can shop at Anthony's by telephone or mail. It's that easy.

I would like to open a charge account at Anthony's

JAY A. SAMPLE

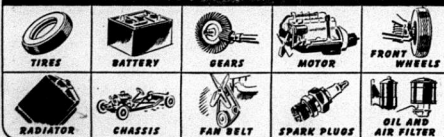

BETTER LEARN to walk pretty quick, Junior. When the family car gives out, you'll have to start walking, too.

No use crying. It's the war, you know. So give Dad this tip. Tell him that Sinclair Dealers have developed a special Sinclair-ize service that makes cars last longer. Tell Dad that just as American railroads, airlines and the U. S. Army use Sinclair lubricants to save wear on vital transportation equipment, so can Sinclair Dealers use specialized Sinclair lubricants to save wear on your family's car.

Tell Dad to ask his nearby Sinclair Dealer about this service today. He'll find that Sinclair-ize service can save him money and worry, too.

the problem. South Florida is extremely fortunate in having an organization able to gather such an imposing list of professionals and citizens to discuss its number one problem.

VEGETABLE COMMITTEE

(Continued from page one)
greatest industries. The possibility was stressed that research on both citrus and vegetables could be conducted in the same plant.

FVC also will ask the Legislature to remove the five cent gas tax on agricultural equipment not used on the highway in view of the fact that the industry already pays a high percentage of the gas tax for equipment used on the highway.

Manager Graw and FVC director Dixon were left for Atlanta to consult with WLB on packing house wage rates.

The FVC directors voted to request ceilings on various commodities or foodstuffs if there is now none, until hurricane damage can be accurately ascertained or growers have had an opportunity to absorb the loss, and to continue cooperation with Texas and California producers groups.

Payment of a fee was approved to the Growers and Shippers League to fight for repeal of the 3 per cent transportation tax now costing the industry half a million dollars a year. Congress will be requested for hearings on alleged failure of OPA to comply with the Price Control Act.

W. S. C. HAS LUNCHEON MEETING

The Women's Society of Christian Service of the Community Methodist church held a business meeting and pot luck luncheon at the home of Mrs. Ruth S. Wedgworth on Wednesday, with Mrs. Wedgworth and Mrs. R. W. Kidder acting as hostesses. Following lunch the President, Mrs. Herbert Beck, presided over the meeting. Mrs. Geo. Ganas was in charge of the devotional period. An invitation was read for the Society to attend the District meeting in Miami on November 9th.

Mrs. Beck reviewed the first two chapters of the new study book "West of Date Line." Mrs. Jay O. Jameson read a card announcing that Miss Mae, a Missionary of whom this Society holds an interest, has arrived in the United States from China. It was agreed that a dinner would be served to 20 visiting nurses at the church on November 27th at 6 p. m. Mrs. Beck will serve as chairman of this committee.

The first of a series of four birthday dinners a year will be served on November 17th at the church with ten hostesses in charge.

Other members attending were Mrs. Milton Campbell, Mrs. J. I. Freedlund, Mrs. H. L. Hane, Mrs. James Ball, Mrs. H. L. Royals, Mrs. H. M. Sabiston, Mrs. N. T. Taylor, Mrs. Mabel Stallard, Mrs. Curtis Thompson, Mrs. L. T. Creed, Mrs. Thomas Bregger, Mrs. F. D. Stevens, Mrs. C. P. Springer, Miss Cora Rhodes, Mrs. W. R. Hooker, Miss Margaret Haines and Mrs. Henry Stoltenberg of Hallandale.

ALTAR SOCIETY MEETS WITH MRS. LLOYD BASS

A regular meeting of the Altar Society of the local Catholic congregation met at the home of Mrs. Lloyd Bass in Chosen on Thursday night, and after a short business meeting refreshments were served.

Among those attending were: Mrs. J. A. Pike, president, who presided, Mrs. Rosa Nash, Mrs. Carl Lockmiller, Mrs. W. E. Grew, Mrs. M. Spooner, Mrs. E. A. McCabe, Visitors from Palokoke were Mrs. Ver Tomen, Miss Irene Ver Tomen and Mrs. F. M. Shaughnessy.

TOO MANY TOO OFTEN

(Continued from page one)
backing didn't register with the boys on the field.

It was a good fight by the local players. The sting of defeat was removed for most spectators to see only grit and determination keep us on his feet and able to snatch down a punt from the second team backfield who was headed for pay dirt several times.

Don't forget it, the Lake Worth Coach wasn't casting compliments carelessly when he said "Lutz is one of the best high school backs I've seen." Their's our sentiments too.

The Moore Haven game should be a cinch Friday afternoon at 5 p. m. on the local field, if an overabundance of confidence doesn't let our boys get too careless. The Moore Haven team isn't exactly a pushover and some fireworks should be expected.

An entirely new lineup will be tried with the Moore Haven team as follows:

Ray Kent and Ward Harrison at ends, Newman and Lloyd tackles, Bass and Matthews guards, Wedgworth center, Eggleston QB, Helm FB, Cobb RH, Cromartie LH.

This is the last home game of the season and a large crowd is expected.

War Bonds as Investment for Farmers

by Warren W. Hawley, Jr., President
New York State Farm Bureau Federation

IN CHECKING figures of the Farm Credit Administration, I find that farmers are paying off mortgages faster than at any other period in the history of the Federal Land Bank.

At the same time, farmers are building up cash reserves, but the wise investment of this money is an extremely hard job for farmers to undertake. The temptation is to try and obtain as high an interest rate as possible.

Many of us see no reason why we should not get as much interest on our money now as we had to pay the bank when we were forced to borrow during the depression.

The answer is that today money is cheap—"expended," as the bankers express it. Therefore interest rates are low except in very speculative securities. Naturally no farmer wants to risk losing his hard earned cash.

We farmers know our own business and we can invest money in it safely because we understand it. However, when we branch off

into other fields, especially the highly technical field of investments, most of us encounter sad experiences.

In these days it is virtually impossible for farmers to put their surplus cash back into the farm. War-time conditions prevent us from repairing buildings and buying new machinery, automobiles, trucks and other farm equipment. We must eventually have it if we are going to stay in business.

So the smart thing for farmers to do is to invest their surplus money in War Bonds where it is as safe as a dollar bill. These bonds increase in value the longer they are held; they can be cashed after sixty days in case of need, and they will provide a reserve for investment after the war in the business the farmers know best—the business of farming.

I confidently predict that if farmers will do this, the dawn of peace will signalize a new day for agriculture.

PFC CHAS. E. DEAN

Continued from page one
has come about his being a paratrooper, but the picture sent home and the telegram indicated that of them would have been told how to vote back home during the past several years, and the Canadian probably would have voted on the question as to whether the French Canadians would be forced to fight overseas for Canada. Some difference in the systems of good old USA and the other places.

PFC Charles E. Dean died in order that those three and others might vote and worship as they please.

QUICK RELIEF FROM SYMPTOMS OF DISTRESS ARISING FROM STOMACH ULCERS DUE TO EXCESS ACID

Over the top in Italy! One more ridge, one more mile on the road to Berlin.

As in victorious military campaigns, peace on the home front must sacrifice to provide all the comforts of war. One of these is the regular purchase of War Bonds.

U. S. Treasury Department

he was a little air.

This story is written on election day. Just after the writer witnessed a naturalized Greek, a naturalized Canadian vote. At least two of them would have been told how to vote back home during the past several years, and the Canadian probably would have voted on the question as to whether the French Canadians would be forced to fight overseas for Canada. Some difference in the systems of good old USA and the other places.

PFC Charles E. Dean died in order that those three and others might vote and worship as they please.

It may be later
than you think . . .

You may have said to yourself: "Some day I'm going to take out the life insurance protection I need to provide my own and my family's security when I'm no longer able to earn as much as I'm earning now."

It may be later than you think. You gain nothing by further delay. Many men have found they waited too long to act upon such good intentions.

Today, while you know you are in good health—while your earning power is unimpaired—is the best time to start providing that protection for yourself and your loved ones.

Call the local Woodmen representative today. Ask him to help you plan a life insurance program with the type of scale, sound, legal reserve Woodmen insurance certificate that will assure your future financial security. Ask him to tell you, too, about the fraternal and social benefits you will receive as a member of the Woodmen Society.
